

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicants : Tsutomu ICHIHARA et al. Group Art Unit: 2884
Appln. No. : 10/576,951 Examiner: K. Kim
Filed : April 24, 2006 Confirmation No. : 5938
For : INFRARED RADIATION ELEMENT AND GAS SENSOR USING IT

CORRECTION OF RECORD

Commissioner for Patents
U.S. Patent and Trademark Office
Customer Service Window, Mail Stop Issue Fee
Randolph Building
401 Dulany Street
Alexandria VA 22314

Sir:

In the Information Disclosure Statement that was filed on July 10, 2006 in the above-captioned application, among the documents brought to the Examiner's attention was the following document:

- (1) JP 2000-236110 A, together with an English language Abstract and an English language translation of the same.

However, on the PTO-1449 Form that accompanied the Information Disclosure Statement of July 10, 2006, the patent number of the above-noted document was erroneously listed as "2002-236110", instead of "2000-236110". Applicants assume that despite this unintentional error, the above-noted document was considered by the Examiner since the correct document was discussed in the Information Disclosure Statement.

To correct the record, Applicants have listed the above-noted document on an attached Form PTO-1449. Applicants respectfully request that the Examiner initial the appropriate spaces on the attached Form PTO-1449 and return a copy of the completed Form PTO-1449 to Applicants to confirm consideration of the document.

Should the Examiner have any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,
Tsutomu ICHIHARA et al.

Bruce H. Bernstein
